Dozers: 75	Other: 5	Total Personnel: 8526		

## SITUATION

<b>Current Situation:</b>	<p>Red flag warnings will remain in place for the Ventura area until 8PM tonight. Critical fire weather will continue over the fire area, with north/northeast winds forecasted. Critical fire weather combined with very high fuel loading, critically low fuel moistures, and single-digit relative humidities will continue to support fire growth on the west, east and north sides of the fire. Areas of concern are above the coastal Santa Barbara County communities, including Santa Barbara, Montecito, and Summerland, and also Matilija Wilderness, Rose Valley, and Sespe river drainage north of Fillmore.</p> <p>The threat continues to Fillmore and surrounding agricultural values with fire being established in the Sespe drainage.</p> <p>Fire suppression repair and Damage Inspection will continue as appropriate based on fire conditions. Repopulation will continue as threats in previously evacuated areas decreases.</p>
