CURRENT SITUATION

Situation Summary:	<p>Last night the fire conditions were moderate to extreme due to the wind event. Crews continued to protect structures and fight fire aggressively. Fire lines are strategically being put in ahead of the fire to improve roads and provide barriers to the fire. Today the fire and firefighters will continue to be impacted by the strong winds. With the northeast wind pushing smoke to the southwest air operations will take advantage of the clearer air on the eastern side of the fire as long as weather and smoke conditions permit. Firefighters and cooperating agencies are continuing to mitigate many hazards within Paradise, CA.</p> <p>At 0700 hrs this morning the Camp Fire Incident entered unified command with USFS.</p>
