Safety Message

If you see electrical wires on the ground, stay clear and contact PG&E immediately. Trees and poles with deep charring, particularly if still smoking, should be considered hazardous. Please drive slowly as emergency personnel are in the area which is subject to Change Based on Operational Conditions

As you re-enter your property and evaluate damage, be aware that hazardous conditions may exist, particularly if a residence or out-building has burned. Hazards may include asbestos, heavy metals, byproducts or plastic combustion and various other chemicals.

Various agencies will also be involved with the Rocky Fire recovery effort and may provide additional assistance to property owners. Further details are forthcoming. In the meantime, it is recommended that you bring your questions and coordinate your clean-up efforts with the Lake County Residents Help Line at: 1.800.325.9604
