SAFETY MESSAGE

The public is reminded to stay vigilant on current fire conditions. Please continue to adhere to road closures and any evacuation warnings or advisories. If you see electrical wires on the ground, stay clear and contact PG&E immediately. Trees and poles with deep charring, particularly if still smoking, should be considered hazardous. Please drive slowly as emergency personnel are in the area. Subject to Change Based on Operational Conditions.

As you re-enter your property and evaluate damage, be aware that hazardous conditions may exist, particularly if a residence or out-building has burned. Hazards may include asbestos, heavy metals, by products or plastic combustion and various other chemicals.

Various agencies will also be involved with the Butte Fire recovery effort and may provide additional assistance to property owners.

Additional information regarding the Butte Fire can be found on www.fire.ca.gov
