SITUATION

Current Situation:	Firefighters have continued to mop up and secure more of the fires perimeter. Damage Inspection Teams have nearly completed surveys of the fire area to determine how many structures have been destroyed. A second survey has been initiated to confirm initial findings. Current data indicates that the fire has destroyed 1910 structures; including 1238 single-family homes, 23 multi-family homes, 64 commercial structures, and 585 other structures such as sheds and smaller outbuildings. As surveys are completed and additional data is confirmed, the number of structures destroyed may rise. The Valley Fire now ranks among the top three most destructive wildfires in California history.
