August 15, 2016

FOR IMMEDIATE RELEASE

CAL FIRE Updates Clayton Fire Information

Updated mapping of the Clayton Fire sets the fire's size at 4000 acres. Firefighters continue to construct control lines and containment remains at 5%

CAL FIRE Damage Inspection Teams have begun to survey the fire area and early estimates reveal that approximately 175 structures have been destroyed. Teams continue to survey the area and as additional data is collected and confirmed, additional information will be provided.
