Headlines:

- Two informational meetings on the Zaca Fire will be held on Saturday August 11 in the Lebec/Frazier Park area. At 12 noon a meeting will be held at the Pine Mountain Club, 2534 Beechwood Way and at 3pm at the Frazier Mountain High School, 700 Falcon Way, Lebec.

Current Situation:

The fire continues to be active on three fronts and is generating significant smoke. A focal point for today's activities is to finish containment of a small slop over in the Little Pine Mountain area. The fire continues to burn actively in Rattlesnake Canyon west of Samon Peak and the Alamar Canyon area. Hand crews, engines, and dozers are continuing with constructing contingency fire lines in the areas of Paradise, East Camino Cielo, Sierra Madre Ridge, Pendola Road, Matilija Wilderness, Dry Canyon to Hwy 33 and south of Hwy 33 to Divide Peak. Within the next couple of days, Fire Commanders will start burnout operations along many of the contingency lines. The purpose of the burnout operations is to create a black line to stop the forward progress of the fire. The burnout operations are expected to go on for several days and will generate significant smoke.
