SITUATION

Current Situation:	Extreme plume dominated and wind driven fire behavior was observed throughout the day. Night time RH recovery expected to be minimal. The fire continues to actively push west. Extreme fire behavior will continue to hamper control efforts. Firefighters will remain engaged in structure defense operations and scout for opportunities to establish direct perimeter control. Fire will continue to threaten the communities of Carpinteria, Summerland, Montecito and surrounding areas. Evacuation operations will occur ahead of westward fire growth. Contingency groups will work to establish contingency line in Santa Barbara County in the areas of Windy Point, Camino Cielo and Foothills. Identification of potential control features in the north and east will continue. Firefighters continue to work aggressively to protect life and property while working on control efforts around the fire perimeter.
