## YOLO COUNTY SHERIFF LIFTS SOME EVACUATION ORDERS RELATED TO THE COUNTY FIRE

**Woodland, CA-** As a result of the aggressive work of firefighters building containment lines and more favorable weather conditions, the Yolo County Sheriff's Office has lifted certain **Evacuation Orders** for the following areas in Yolo County:

- West of State Highway 16, between County Road 76 and County Road 81
- This includes the Community of Brooks and the Yocha Dehe Wintun Nation
- West of County Road 89, to the burn area, from County Road 23 in the North, to State Highway 128 in the South

This does not include the previously evacuated areas of Napa County, North of State Highway 128 between the Eastern shore of Lake Berryessa and the Napa/Yolo County Line.

The road closure along State Highway 128 between Pleasants Valley Road and Markley Cove Resort remains in effect.

Residents along Positas Road will be allowed access with valid identification.

This mandatory evacuation order is being reduced to an evacuation advisory. Residents are reminded to remain prepared to evacuate if conditions worsen.

Yolo County residents are asked to monitor their news organizations for further instructions and are encouraged to dial 2-1-1 for additional information.
