

MILL FIRE

INCIDENT UPDATE

Monday, August 20, 2012 7:30 AM

www.fire.ca.gov

Fire Information Line: (530) 896-6876

Incident Start Date: 8/13/2012

Incident Start Time: 6:46 PM

Size / Acres: 1645

Cause: Under Investigation

Containment: 45%

Expected Containment: 8/21/2012

Incident Location: Mill Creek Drainage, northwest of Butte Meadows, off Highway 32

Cost to Date: \$5,400,000.00

Injuries: 0

Structures Destroyed: 0

Structures Damaged: 0

Engines: 50 **Water Tenders:** 29 **Dozers:** 8 **Hand Crews:** 46

Air Tankers: 0 **Helicopters:** 6 **Other:** 0 **Overhead:** 198

Total Personnel: 1195

Assisting Agencies: US Forest Service, Sierra Pacific Industries, Collins Pine Timber Company, California Department of Corrections and Rehabilitation, California National Guard, CHP, Tehama County Sheriff, Butte County Sheriff, Silver Dollar Fair Grounds.

Current Situations: Progress continues to be made on building fire lines on the steep and rugged northeast perimeter. Spot fires remain a significant problem. Firefighters will continue to expand and improve fire lines throughout the fire area. Fire behavior is being influenced by up-canyon winds.

Evacuations: N/A

Road Closures: Multiple road closures are in place within the Lassen National Forest. Current information can be found on the Forest's website at www.fs.usda.gov/main/lassen/home.

Additional Information: Hunters and other visitors to the surrounding Forest are encouraged to visit the Lassen National Forest website for related information.
