**Current Situation:** Firefighters are continuing to construct fire line around the fire perimeter today, while helicopters will assist firefighters by cooling hot spots around the fires edge. Crews worked throughout the night to make progress on the southern and northern sides of the fire, and were assisted by lower temperatures and higher humidity. Firefighters are concentrating on the southern side of the fire in anticipation of slightly stronger winds throughout the day. Mandatory evacuations continue to be in effect in the Hungry Valley State Park and Piru Canyon areas, and all roads through the Park remain closed

**Evacuations:** Hungry Valley State Park and Piru Creek are a under mandatory evacuation. Frazier Mountain High School was evacuated earlier as a precaution.

**Road Closures:** Falcon Way to Frazier Mt High School is closed as well as roads entering Hungry Valley State Park and Piru Creek.

**Unified Command:** Kern Co Fire, Ventura Co Fire, USFS, and Cal Fire

**Assisting Fire Agencies:** Los Angeles Co. Fire, CAL FIRE, California State Parks and BLM

**Co Operating Agencies:** CHP, KCSO, LA Co. SO, Ventura Co. So, Cal Trans

**Additional Information:** Safety message – the fire and smoke are visible from Interstate 5. Motorists should be extra vigilant in keeping their eyes on the road while driving in the area.
