Fire Update

Successful firing operations continued today on the fire's southeast and northeast flanks, including north of the Tioga Road. Tonight's shift will focus on continuing today's firing operations. Slow humidity recovery and light southeasterly winds this evening and into the night are expected to aid firefighters in completing safe firing operations. On the west and north flanks, crews continue to patrol firelines and locate and extinguish any remaining heat. California Interagency Incident Management Team 1 (McGowan) assumed command of the Rim Fire at 6 AM this morning.
