## **Canyon Fire 100 Percent Contained Firefighters Monitoring Interior Portion Fires**

The California Department of Forestry and Fire Protection Incident Command Team 1 is declaring the Canyon fire 100 percent contained as of 7 a.m. today.

For the next week - or longer - some interior portions of the fire area will continue to burn. A few of these areas are quite large and will generate smoke plumes.

Firefighters will patrol the area to ensure that the fire remains within the containment lines.

Questions may be directed to the Morgan Hill Call Center at (408) 779-0930.
