

AEU Fire Plan Collaborators

Collaborators are defined as any persons, agencies, or organizations with an interest in the protection of assets from wildfire. The Amador-El Dorado Unit (AEU) makes a concerted effort to involve collaborators in its planning process. AEU Battalion Chiefs and Foresters are essential in development and implementation of the collaborative process. Their involvement provides a community based approach by identifying collaborators and their interests at the battalion level. This is an ongoing effort which is evaluated continuously through the development and planning of pre-fire projects. It is a priority to involve as many collaborators as possible and to continually update planning efforts with their input and support.

Unit Fire Safe Councils

Alpine County Fire Safe Council

The Alpine County Fire Safe Council (ACFSC), in cooperation with the Resource Advisory Committee and concerned citizens was organized in 2003. The mission of the ACFSC is to reduce the risk to life and property in Alpine County from catastrophic wildfires. The ACFSC facilitates community efforts such as defensible space education, public outreach, fuels reduction projects, and FireWise planning. Through these community based efforts and partnerships with local public agencies, Alpine County residents can reduce the risk of wildfire damage.

Nevada Fire Safe Council

To create an organization that serves as a bridge between fire services and public agencies, and communities threatened by wildfire.

To focus the new organization's activities on creating a network of local community support, and to provide assistance to threatened communities to:

1. Improve resident's understanding of the fire threat and accept personal responsibility for some level of community protection.
2. Identify and rate the risks and hazards.
3. Develop and prioritize mitigation projects.
4. Procure funding assistance to implement mitigation measures.
