

AEU Fire Plan Collaborators

Collaborators are defined as any persons, agencies, or organizations with an interest in the protection of assets from wildfire. The Amador-El Dorado – Sacramento-Alpine Unit (AEU) makes a concerted effort to involve collaborators in its planning process. AEU Battalion Chiefs and Foresters are essential in development and implementation of the collaborative process. Their involvement provides a community based approach by identifying collaborators and their interests at the battalion level. This is an ongoing effort which is evaluated continuously through the development and planning of pre-fire projects. It is a priority to involve as many collaborators as possible and to continually update planning efforts with their input and support.
